*Because we are incapable of grasping
quantity directly by sight, we have invented
numbers.*

(Guedj 1998, p. 15)

Acknowledgments

The authors are grateful to the institutions and people who have contributed to the work reported here. Lee Hsiu-Fei from the National Taitung University, Taiwan, contributed with extensive work on a systematic review of papers related to teachers and teacher education, which was summarized here. The Nuffield Foundation funded a review of how children learn mathematics and some of the empirical work reported here. The views expressed here are the authors' own and do not represent the views of the Foundation.
